

Attorney Docket No.: T1566P  
Application No.: 10/505,538  
Filing Date: August 19, 2004  
Page No.: 9

**REMARKS**

The present amendment adds to the specification a specific reference claiming priority to the prior filed provisional application, amends several claims to delete multiple dependencies, and adds new claim 11.

This amendment is submitted further to the telephone conversation between the undersigned and Examiner Davis on November 14, 2005 regarding the August 18, 2005 Office Action and Notice of Non-Compliant Amendment ("Notice").

The August 18, 2005 Notice was not properly completed by the Legal Instruments Examiner Yolanda Chadwick in that no item was checked indicating the reasons for non-compliance. The undersigned recalls that Ms. Chadwick was contacted via telephone upon receipt of the Notice, and that Ms. Chadwick agreed to look at the file and, if necessary, send a new Notice properly completed. No new notice arrived, and no response to the original Notice was submitted.

The Notice was apparently generated because Applicants' original Preliminary Amendment did not contain a complete listing of claims. This Second Preliminary Amendment corrects the claims listing.

The Examiner has asked that a species be identified for purposes of her initial search and examination. Applicants are in the process of identifying an appropriate species and will inform the Examiner of same as soon as possible upon such identification.

Respectfully submitted,

By:
